Tales of Whimsy

Book One

“It was known throughout Weyburn that, should you want anything, anything at all, you just had to find the Wishweaver.”

In the forests of Weyburn, there had always been a Wishweaver—a spider with the magic to grant wishes. However, for many years now, wishes have gone unanswered. But why?

That is the question an orb spider named Whimsy is determined to answer. With the help of her milkweed wisp friend, Flit, Whimsy will go on a journey to the old Wishweaver Oak in search of clues to solve the mystery, but the answers she seeks are buried deep in Weyburn’s past.
